## SUMMARY

Full-stack Software Engineer (React.js, Next.js, Node.js) with 1 + year building SEO-optimized, SSR/SSG enterprise applications. Scaled Stripe-powered payments to \$50K+/mo, cut load times 50%, and elevated Lighthouse scores by 28 points.

## TECHNICAL SKILLS

**Frontend:** React.js, Next.js, TypeScript, JavaScript, HTML, CSS, Tailwind CSS, Shadcn UI, Redux Toolkit, React Query  
**Backend:** Node.js, Express.js, RESTful APIs, JWT Authentication, OAuth 2.0, WebSockets  
**Databases:** MongoDB, PostgreSQL, MySQL, Prisma ORM  
**DevOps & Tools:** Git, GitHub, CI/CD, Vercel, AWS S3, Docker  
**Specialized:** Stripe Payment Integration, SEO, Server-Side Rendering (SSR), Static Site Generation (SSG)

## EXPERIENCE

**Zerotime Solutions** July 2024 - Present  
*Junior Software Developer* Ahmedabad

- Constructed secure authentication system with **JSON Web Tokens (JWT)**, slashing access times by 45% and eliminating unauthorized requests by 70%.
- Programmed **RESTful APIs** with **Express.js** alongside scalable **MongoDB** models that processed 30% more content.
- Leveraged **Next.js's SSR** and **SSG** capabilities to optimize SEO performance, reducing initial page load times by 50% and increasing Google Lighthouse metrics upto 28 points.
- Configured **Stripe Billing** and **Stripe Connect** systems for seamless subscriptions and marketplace transactions, securely processing \$50K+ monthly with 99.9% reliability.
- Orchestrated real-time communication using **WebSockets** that amplified user engagement by 25% and lengthened average sessions by 40%.
- Crafted responsive interfaces with **Material-UI** and **Shadcn UI**, implementing **Redux Toolkit** for state management.

**Zerotime Solutions** December 2023 - June 2024  
*Software Developer Intern* Ahmedabad

- Assembled component-based interfaces with **React.js** and **Redux Toolkit**, implementing **React.memo**, **useCallback**, and **useMemo** hooks that boosted application speed by 35%.
- Formulated **RESTful API endpoints** using **Node.js** and **Express.js**, incorporating error handling, validation, and logging that enhanced system reliability by 40% and accelerated debugging.
- Collaborated within an **Agile/Scrum** environment through stand-ups and sprints, conducting code reviews that decreased production defects by 30%.

## PROJECTS

- FPMS - Freelancer Project Management System** | *Next.js, TypeScript, MongoDB, Prisma ORM, Express.js, AWS S3*
- Designed a freelance project management platform with **Next.js** and **TypeScript**, implementing modular components that accelerated development cycle by 30%.
  - Engineered backend infrastructure with **Express.js** middleware for validation and security, integrating **Prisma ORM** for optimized database interactions.
  - Engineered a multi-tenant database within **MongoDB Atlas**, incorporating advanced schemas for project tracking and client management; achieved a 40% increase in data retrieval speed.
  - Deployed **Stripe Connect** payment infrastructure enabling client-freelancer transactions, automating subscriptions, invoicing, and commission splitting with zero transaction failures.
  - Incorporated **AWS S3** storage with granular access controls and optimized asset delivery achieving 99.99% availability.
- AI PR Agent** | *React.js, Next.js, TypeScript, Microsoft Graph SDK, Google Cloud Platform, Vercel, React Query*
- Architected an AI-powered PR platform using **Next.js** and **TypeScript**, implementing efficient routing and server components that propelled SEO by 60% and decreased Time-to-Interactive by 45%.
  - Established secure authentication via **OAuth 2.0** with **Google Cloud Platform** and **Microsoft Graph SDK** for secure access.
  - Devised accessible interfaces with **Tailwind CSS** achieving compliance across browsers with accessibility validation.
  - Transformed application performance through code splitting, lazy loading, and **React Query** data fetching strategies, decreasing API calls by 60% and heightening responsiveness.

## EDUCATION

**Bachelor of Technology (B.Tech) in Computer Science and Engineering** 7.79 CGPA  
*Vellore Institute of Technology, Bhopal* September 2024
